Welcome Back Kodiaks!

The Parent Teacher Club at H. Clarke Powers Elementary School is inspired by a vision of offering our children opportunities above and beyond basic education.

This year the PTC has gifted HCP with a donation of **\$27,500!**

This donation provided 33 brand new computers to our classrooms this year! It will also support technology resources, grade level events, assemblies, supplies, play-ground equipment, library books, the Art Docent program and more.

We hope you will join with us by donating your time to make our events successful and helping us with our fund-raising efforts so we can continue to make these wonderful opportunities available to our children.

Let's have a great year!
